

animation

stopped cars,
biker weaving

angry taxi driver
when bike
passes

similar situation,
one or two cars
disappear and
replace with
bikers

voiceover

You might assume that
bustling streets are inevitable
in a city like New York

and sometimes it feels like it is

over the years there have
been countless efforts to
reduce New York traffic
citibike, increased tolls, strict parking
regulations (mostly private)

subtly suggest
Amsterdam???

crowds and
tourists/traffic

(another opportu-
nity for compari-
son)

swap characters
with amsterdam
ones? and their
ratio of cars to
bicycles

reference to apply New York
car solutions to Amsterdam
biking issues?

*what if new york were like
amsterdam*
